**“A positive attitude:
affection, health
and safety”**

Ref. 20811

A POSITIVE ATTITUDE: AFFECTION, HEALTH AND SAFETY

Ref. 20811

CONTENTS:

- 12 boards
- 12 red crosses
- 1 educational guide with instructions for use

RECOMMENDED AGES:

From 3 to 6 years.

EDUCATIONAL OBJECTIVE:

An observation game that facilitates work on the values of affection, health and safety.

METHOD OF PLAY:

Up to 12 children can play.

- Distribute the 12 boards and 12 crosses among the players.
- Players should observe the four images on their boards.
- They should then mark the wrong type of behaviour with a cross.
- Self-correcting system: at the end, players can check if their choice was correct by turning the board over.
- Repeat the game by redistributing the boards until every player has played with each of the 12 boards.
